INVESTED IN CHANGE
Growing Impact Across the Network
Reported as of June 30, 2019
MISSION
The GreenLight Fund helps transform the lives of children, youth and families in high-poverty urban areas by creating local infrastructure and a consistent annual process to:
• Identify critical needs,
• Import innovative, entrepreneurial programs that can have a significant, measurable impact, and
• Galvanize local support to help programs reach and sustain impact in the new city.

VISION
We envision a national network of GreenLight Fund cities, working together and learning from each other to harness the vision and ambition of social entrepreneurs and accelerate the spread of proven programs that make lasting change for children, youth and families.

VALUES

INNOVATIVE

ROOTED IN COMMUNITY

COMMITTED TO EXCELLENCE

FOCUSED ON SUSTAINABILITY

COLLABORATIVE

DIVERSITY, EQUITY AND INCLUSION

committed TO EXCELLENCE
**THE GREENLIGHT METHOD**

The GreenLight Method is a consistent annual process, rooted and implemented locally, to identify urgent, unmet needs and find and replicate the best, proven, innovative solutions to address those needs, making a significant difference in improving outcomes for children and families in low-income communities.

Each GreenLight city forms a Selection Advisory Council, a diverse group of local community leaders — for-profit and nonprofit, philanthropists, social policy experts and people with lived experiences — that is a partner throughout the annual process.

- Through a **DISCOVERY PROCESS** gaps are identified where results-oriented approaches could make a transformative difference for children and families.
- A comprehensive due diligence process **FINDS** and vets the best, proven programs **FROM ACROSS THE COUNTRY** that can effectively address the identified unmet need.
- The program with the **BEST LOCAL FIT** and capacity for sustained growth is **SELECTED**.
- Through **MULTI-YEAR INVESTMENT**, community partnerships and on-the-ground supports, we work to ensure the replicated solution will reach impact faster and be sustainable with measurable results.
- **MEASUREMENT** against specific, relevant target outcomes is done on a regular basis. Highlights are provided in this report.

**OUR LEARNING JOURNEY**

A third-party qualitative evaluation of GreenLight’s impact was an opportunity to learn where our approach is making a difference for portfolio organizations and where we could adjust our approach to deepen their community impact quickly and effectively. Results were positive. “GreenLight’s value proposition... is validated and appears to be unique in the philanthropic space,” and recommendations for improvement are being implemented.

*Third party evaluator: Learning for Action*

*as of June 30, 2019*
Innovative, effective solutions addressing needs in low-income communities exist, but they may not be found close to home. GreenLight searches the country for the best, proven programs to address local needs and invests in their expansion to our communities.

BOSTON RESULTS

PER SCHOLAS
Launched 2019
Per Scholas provides tuition-free technology training and professional development to help smart, dedicated people build better lives for themselves and their families. Per Scholas develops employer partnerships for job placements and supports alumni to advance in their careers.

NEED IDENTIFIED: More than 60% of Boston Public School graduates from the class of 2011 did not complete college within 6 years. Aged out of traditional programs, training programs with high success rates in job placement and advancement were needed.

KEY RESULT: 70% of Per Scholas graduates are employed within 4 months of graduation. Classes have begun with a goal of reaching 800 students by 2022.

BECOMING A MAN
Launched 2017
Becoming A Man (BAM) is a school-based program that supports young men, particularly those of color in grades 7-12, through group sessions with their peers and the guidance of a trauma-informed BAM counselor. Counselors help young men learn, practice and internalize the program’s core values and develop social cognitive skills that deter criminal involvement and increase school engagement.

NEED IDENTIFIED: Boys and young men of color face disproportionate challenges in reaching their full potential as compared to their white peers.

KEY RESULT: BAM scholars attend school 91% of the time, significantly higher than the greater BPS population of black and Latino boys, where absenteeism rates are 32-37%.

CAREMESSAGE
Launched 2016
CareMessage is an intelligent cloud-based software that transforms communication for patients by providing personalized, interactive messages designed to educate, remind and motivate. It is used by community-based healthcare providers to help patients manage chronic health conditions.

NEED IDENTIFIED: Patients facing social determinants of health challenges need help managing chronic conditions at scale.

KEY RESULT: 60,381 patients served this year across 18 hospitals and clinics in Boston.

INDIVIDUALS SERVED IN 2018-19: 60,381

YOUNG MEN OF COLOR ACHIEVING THEIR FULL POTENTIAL: BAM
Devon* entered 9th grade with little interest in school. Living in a single-parent household, Devon had significant financial and caretaking responsibilities at home, and school had become the place where he could shed that burden. With additional challenges during his sophomore year, he disengaged from his academic work, and his relationships with his teachers suffered.

BAM changed that for Devon — his BAM Counselor helped him to formulate a plan for success. Devon began implementing some of the techniques he learned in BAM to tackle challenges one day at a time, and with the support of his BAM Counselor and BAM brothers, he climbed his way out of the hole he was in at school.

“BAM introduced me to a brotherhood that I thought I’d never have. All my brothers in BAM are family, not friends...I know I got them and they got me. I love each and every one of them even if we don’t always agree or get along. Without them I wouldn’t be who I am today.”

“The college tours have motivated and inspired me to have self-determination and to have goals to reach in the future. They also showed me a different environment of my people working together instead of against each other, and that made me want to join them. I can’t wait till it’s time for me to go to college.”

*Name changed for confidentiality.
Family Independence Initiative
Launched 2010
The Family Independence Initiative (FII) trusts and invests directly in low-income families so they can work individually and collectively to achieve prosperity. Through their UpTogether platform, families are in control of their own lives and use this technology to build connections and share their expertise with other FII families throughout the nation.

Key Result: 10% average increase in family earnings of FII families after 2 years.

Individuals Served in 2018-19: 2,957

College Advising Corps
Launched 2014
College Advising Corps (CAC) supports an increase in the number of first generation students with college aspirations who enter and complete higher education by hiring and training recent college graduates as full-time college advisers in public high schools.

Need Identified: Low counselor-to-student ratios for high school students.

Key Result: 64% of students utilizing CAC from the class of 2018 enrolled in college, up from 53% the previous year.

Individuals Served in 2018-19: 16,241

SINGLE STOP USA
Launched 2011
Single Stop helps individuals persist through college and achieve financial self-sufficiency and economic mobility by providing access to benefits and services.

Need Identified: Lagging college completion rates despite high college enrollment among Boston Public Schools graduates.

Key Result: 2016 Bunker Hill Community College students accessing benefits through Single Stop had an increased likelihood of a successful one-year outcome (graduated, transferred or retained by the fall 2017 term).

Individuals Served in 2018-19: 7,494

YVLifeSet
Launched 2008
YVLifeSet, a program of Youth Villages, provides support to young people who are aging out of foster care by helping them find safe housing, continue education or training, achieve stable employment and build healthy support systems.

Need Identified: Poor outcomes for youth aging out of foster care system.

Key Result: 93% of youth are in school, employed or in GED Classes at 12 months post-discharge.

Individuals Served in 2018-19: 328

Achieving Goals Towards Prosperity: FII
When Johanny began her journey in FII, she had a two-year-old son and was pregnant with her second child. She was referred to FII by a medical staffer at the hospital where she received care. She felt it was a timely blessing.

At the time, she had no employment, an empty apartment, no license, no car and wanted to pursue a college education. As her cohort met every month, they inspired each other. It was a friendly competition, as members reported their progress each month, thus motivating all to work on their own goals.

At first, it simply was a relief to receive the resources from FII. With these, she was able to pay bills and address living costs. Then, through her activities with FII, she saw the need for community building. She grew into leadership positions herself, even becoming an FII Fellow.

After she met her initial three goals, Johanny continued to add three more, and three more after that.

Currently she is working as a family counselor for a community organization and is studying at Lesley University, pursuing her bachelor’s degree in Art Therapy. Through hard work and the momentum created through the FII partnership, she was able to reach the goals for her and her family.
PEER HEALTH EXCHANGE
Launched 2007
Peer Health Exchange (PHE) gives teenagers the knowledge and skills they need to make healthy decisions. The program trains college students to teach a comprehensive health curriculum in public high schools that lack health education.

NEED IDENTIFIED: Lack of health education in public schools coupled with rising obesity rates and other poor health outcomes.

KEY RESULT: 68% of participants say they have used something they learned from PHE workshops to make a healthy decision during the six months in which the program ran.

INDIVIDUALS SERVED IN 2018-19: 3,339

RAISING A READER MA
Launched 2006
Raising A Reader is an evidence-based early literacy program that helps families of young children (newborn through age eight) develop, practice and maintain habits of reading together at home.

NEED IDENTIFIED: Reading readiness among kindergarteners was low.

KEY RESULT: 80% of participating families reading together at least three times per week after one year in the program.

INDIVIDUALS SERVED IN 2018-19: 8,500

FRIENDS OF THE CHILDREN – BOSTON
Launched 2005
Friends of the Children creates generational change by engaging children facing challenging home environments in 12 years of transformative mentoring relationships.

NEED IDENTIFIED: Rise of youth violence in Boston neighborhoods.

KEY RESULT: 90% of graduates attending post-secondary opportunities.

INDIVIDUALS SERVED IN 2018-19: 138
COMPASS WORKING CAPITAL
Launched 2018

Compass Working Capital (CWC) is putting the tools to build assets and financial capabilities into the hands of families with low incomes. By providing individualized financial coaching, CWC supports families in using those tools to reach their financial goals as a pathway to greater economic opportunity.

NEED IDENTIFIED: Limited ability for families in public housing to build assets while a federally funded program that captures increased rental payments as savings towards home ownership was drastically underutilized.

KEY RESULT: 100% program retention rate after one year.

INDIVIDUALS SERVED IN 2018-19: 402

PARENTCHILD+
Launched 2016

ParentChild+ is an early literacy, parental engagement and school readiness model that strengthens parent-child interaction and builds language- and learning-rich homes to enhance children’s literacy, cognitive and social-emotional skills, preparing children for success in pre-K and beyond.

NEED IDENTIFIED: Only 34% of third graders in Philadelphia were reading at grade level.

KEY RESULT: 74% of children who finished the program rated proficient and ready for pre-K.

INDIVIDUALS SERVED IN 2018-19: 558

“Me putting him in this program is one of the best things I could have done for him as his mother.”

Ameesha, mother of Amari and now working with families in North Philadelphia as a ParentChild+ Early Learning Scholar (ELS)
PHILADELPHIA RESULTS (continued)

CENTER FOR EMPLOYMENT OPPORTUNITIES
Launched 2015
The Center for Employment Opportunities (CEO) works with participants to regain the skills and confidence needed for successful transitions to stable, productive lives. The program serves formerly incarcerated people and incorporates life skills education, short-term paid transitional employment, full-time job placement and post-placement services.

NEED IDENTIFIED: 35% of Philadelphians released from state prison were re-arrested within one year.

KEY RESULT: After one year, over 53% of participants were employed at an average hourly wage of $11.17.

INDIVIDUALS SERVED IN 2018-19: 199

YEAR UP
Launched 2014
Year Up’s mission is to close the opportunity divide by providing urban young adults with the skills, experience and support that will empower them to reach their potential through professional careers and higher education.

NEED IDENTIFIED: Over 42,000 young adults in Philadelphia were disconnected from education and employment.

KEY RESULT: One year after graduation, 85% have an average hourly wage of $18.70.

INDIVIDUALS SERVED IN 2018-19: 187

SINGLE STOP USA
Launched 2013
Single Stop helps individuals persist through college and achieve financial self-sufficiency and economic mobility by providing access to benefits and services.

NEED IDENTIFIED: Less than 25% of students from low-income households were completing an associates degree within six years.

KEY RESULT: Students screened by Single Stop in 2018 received nearly $3.4M in cash and non-cash benefits.

INDIVIDUALS SERVED IN 2018-19: 3,379

“I am grateful I stuck through it all. This program changed the course of my life. Not only that, but I’ve also met some great people and made some fantastic friends while learning here. I learned that it wasn’t just important to form an understanding of the subjects taught but also equally important to learn teamwork. To learn the value of community and the power of self-awareness. This program is structured for a year because it takes a year, not more and not less. Students should trust in themselves as they find employment and trust others.”

Jose Hernandez, July 2019 Year Up graduate

**ParentChild+**  
Launched 2018  
ParentChild+ is an early literacy, parental engagement and school readiness model that strengthens parent-child interaction and builds language- and learning-rich homes to enhance children’s literacy, cognitive and social-emotional skills, preparing children for success in pre-K and beyond.

**Need Identified:** Gap in services supporting social-emotional learning for two and three year olds.

**Key Result:** ParentChild+ children graduate from high school at a rate 30% higher than their socio-economic peers. ParentChild+ is getting its work underway in the Bay with a goal of enrolling 100 families in year one.

**Individuals Served in 2018-19:** 358

**Blueprint Math Fellows**  
Launched 2016  
Blueprint Math Fellows partners with schools to offer high-quality tutorial instruction for struggling math students. Using daily student assessments, Fellows target gaps in a student’s foundational knowledge and understanding of mathematics, supporting students to dramatically improve their math proficiency. Additionally, many Fellows become teachers in this high-demand field.

**Need Identified:** Low math proficiency rates for middle school students.

**Key Result:** Blueprint increased its reach into 6 middle schools in Oakland. 91% of students who regularly attended demonstrated an increased or accelerated growth rate.

**Portfolio Report 2018-2019**

**Improving Math Proficiency: Blueprint Math**

“Blueprint is improving outcomes for Bret Harte students by creating a safe space for students to learn and grow. Students are willing to take risks and make mistakes because they know they will have the support of the Fellows and their peers to turn those errors into a stronger and clear understanding of mathematics.”

April Harris-Jackson, M. Ed  Principal  Bret Harte Middle School  
*as of June 30, 2019*
SAN FRANCISCO BAY AREA RESULTS (continued)

SPRINGBOARD COLLABORATIVE
Launched 2015
Springboard Collaborative closes the reading achievement gap by coaching teachers, training family members and incentivizing learning so that scholars have the requisite skills to access life opportunities.

NEED IDENTIFIED: Summer learning loss for elementary school students.

KEY RESULT: Students saw an average of 3.4 months of reading growth after a 5-week program in summer 2018, with 88% of families engaging alongside their children.

INDIVIDUALS SERVED IN 2018-19: 1,854

UASPIRE
Launched 2014
At uAspire, post-secondary aspirations become reality thanks to a vital combination of information and guidance ensuring all young people have the financial information and resources necessary to find an affordable path to and through a post-secondary education.

NEED IDENTIFIED: Limited technical capacity to advise students on college financial aid.

KEY RESULT: Of the total students served by uAspire, 74% enrolled in college after high school.

INDIVIDUALS SERVED IN 2018-19: 2,590

GENESYS WORKS
Launched 2013
Genesys Works enables motivated high school students to work in meaningful internships at major corporations during their senior year in high school. After an eight-week intensive training program, students work with partner companies where they discover they can succeed as professionals in the corporate world.

NEED IDENTIFIED: Workforce development programs for aspiring first-generation college students.

KEY RESULT: To date, 1,535 students and alumni placed in paid internships; 32 corporate partners. 46% of employed alumni earn the same or more than at least one parent.

INDIVIDUALS SERVED IN 2018-19: 178

EQUIPPING FIRST GENERATION STUDENTS FOR FUTURE SUCCESS: GENESYS WORKS

Francisco was seven years old when his family left Mexico. Growing up in Oakland, he found himself navigating a new country, new language, and most importantly, a new education system. In high school, Francisco envisioned a future career in law and technology and when he learned about Genesys Works he applied and joined the first cohort in the Bay Area in the summer of 2013.

After successfully completing the intensive training program, Francisco was fully equipped with the technical and professional skills needed for the workplace. He was assigned an internship, related to law and technology at Kirkland & Ellis.

After graduating high school in 2014, he was accepted into University of California – Santa Cruz but attended community college due to financial concerns. In college, Francisco kept in touch with Genesys Works whom later connected him with Year Up. There, Francisco excelled in his tech training and was placed at Salesforce. Now, a Sales Program Analyst/Intern, Francisco successfully balances furthering his education with his day-to-day responsibilities at Salesforce, while speaking on panels at Salesforce to empower younger generations.
FIRST PLACE FOR YOUTH
Launched 2019
First Place for Youth (FPFY) uses a youth-centered, trauma-informed approach to help youth aging out of the foster care system develop necessary skills for adulthood. Young people live independently in apartments and receive wraparound support, education services and employment services to become self-sufficient.

NEED IDENTIFIED: Most youth aging out of foster care are woefully unprepared for independent adult life.

KEY RESULT: FFPY will be able to serve 90% of young people aging out of the foster care system in Hamilton County each year.

FAMILY INDEPENDENCE INITIATIVE
Launched 2017
The Family Independence Initiative (FII) trusts and invests directly in low-income families so they can work individually and collectively to achieve prosperity. Through their UpTogether platform, families are in control of their own lives and use this technology to build connections and share their expertise with other FII families throughout the nation.

NEED IDENTIFIED: Working families unable to break the cycle of poverty.

KEY RESULT: After one year, FII families saw an average monthly income increase of 24%.

INDIVIDUALS SERVED IN 2018-19: 685

CENTER FOR EMPLOYMENT OPPORTUNITIES
Launched 2016
The Center for Employment Opportunities (CEO) works with participants to regain the skills and confidence needed for successful transitions to stable, productive lives. The program serves formerly incarcerated people and incorporates life skills education, short-term paid transitional employment, full-time job placement and post-placement services.

NEED IDENTIFIED: Barriers facing people returning from incarceration.

KEY RESULT: 72% of people who enrolled in CEO graduated and were employed.

INDIVIDUALS SERVED IN 2018-19: 161
CENTER FOR EMPLOYMENT OPPORTUNITIES

Launched 2018

The Center for Employment Opportunities (CEO) works with participants to regain the skills and confidence needed for successful transitions to stable, productive lives. The program serves formerly incarcerated people and incorporates life skills education, short-term paid transitional employment, full-time job placement and post-placement services.

NEED IDENTIFIED: High rates of recidivism and unemployment for young adults.

KEY RESULT: 9.9% recidivism rate within the first year of enrolled participants, significantly lower than Michigan’s average.

INDIVIDUALS SERVED IN 2018-19: 88

GAINING SKILLS AND CONFIDENCE: CEO

“With CEO, my focus has changed. Now, when it is time to work and come to job coaching meetings, I give it 100%, in the same way that I used to give illegal things 100%. This is probably the best thing Detroit has going right now and I hope it can continue to grow to help more people like me.”

KANSAS CITY RESULTS

ON THE WAY TO BETTER OPPORTUNITY FOR ALL

GreenLight Kansas City is working alongside a recently formed Selection Advisory Council to identify persistent, urgent gaps and search the country for the most promising, proven solutions to those challenging poverty-related issues.

By late 2019, Kansas City will select its first portfolio organization to address an urgent, unmet need, providing improved opportunities for children and families in Kansas City. GreenLight’s investment and on-the-ground supports will ensure the program is up and running quickly, making an impact in Kansas City’s under-resourced community.

DATA INFORMING OUR WORK

**ALMOST HALF** of third graders in Kansas City, Missouri end the year **READING BELOW GRADE LEVEL**, increasing their risk of not graduating high school and **IMPACTING FUTURE EMPLOYMENT POTENTIAL.**

*as of June 30, 2019
Launched in January 2019, GreenLight Atlanta aims to bring promising and proven solutions to address community-identified gaps in Metro Atlanta’s most pressing and complex poverty-related challenges.

An in-depth local needs assessment is well underway and our objective is clear — to uncover opportunities for transformation, identifying urgent issues not being directly addressed, where innovative, proven and sustainable approaches will make a significant difference in the lives of low-income children, youth and families.

A Selection Advisory Council is currently being formed with a target of 30 local thought leaders committed to sharing their unique experience, expertise and perspective to make a difference. Together we will begin the selection process in November 2019 with a first investment in 2020.
