GreenLight Fund
PORTFOLIO REPORT 2019 - 2020

15 YEARS OF IMPACT.
With 15 years of implementing the GreenLight Method, starting in Boston and now in nine sites, we are proud to share the annual results of our 33 portfolio organizations that collectively reached 325,364 individuals and families this past year.

And this has been a year like no other.

The global pandemic has laid bare the vast health and economic disparities in our country. The movement for long overdue racial justice for Black Americans has underscored the historic and ongoing racism that has shaped much of the poverty in this country. GreenLight remains committed for the long term to help close those disparities by partnering with communities to address barriers to opportunity for people experiencing poverty, most of whom confront deep-rooted inequities daily and will suffer the most and longest from COVID-19 and its aftermath.

In this year’s Portfolio Report focused on the results of our portfolio organizations, we share some affirming results, uplifting participant stories, promising innovations and ways our team works to embed programs in our communities and center local voices in our process.

The strategic and operational support our site teams provide portfolio organizations has always been a pillar of our model. When COVID hit our communities, our local teams worked closely with portfolio organizations as they quickly transitioned to virtual, navigated operational and fundraising challenges and saw the need for their services spike. In the following pages, we are proud to highlight how our portfolio organizations have stepped up in this extraordinary year to provide needed services safely while also expanding to reach more residents and address participants’ immediate needs, including providing groceries, diapers and even cash assistance.

While our country and communities continue to face interrelated health, economic and racial justice crises, we recognize that we have a long way to go. GreenLight is committed to the deep and sustained work of challenging inequities. We are applying a racial justice lens to everything we do – our work with communities, our program model and our internal processes – to ensure we are centering equity. To address the crisis of poverty, we must also dismantle injustice.

As we reflect on this year and share the results of our teams and portfolio organizations across the country, we are so grateful for our partners, investors, Selection Advisory Councils and community members who make our work and impact possible.

Warmly,

MARGARET HALL  
CEO and Co-founder

JOHN SIMON

We are proud to highlight how our portfolio organizations have stepped up in this extraordinary year.
Programs addressing social challenges in innovative and effective ways exist, but they may not be found close to home.

GreenLight searches the country for proven programs to address local unmet needs and invests in their expansion to our communities.
The **GreenLight Method** is our approach to identify proven social innovations that address the needs that matter most to residents facing systemic barriers to economic opportunity. To center local voices in the process, we partner with a Selection Advisory Council (SAC) in each of our sites made up of a diverse and inclusive group of local leaders and residents from across the community.

**DISCOVER**
Through conversations across multiple sectors, local data reports and listening to many voices, the local site team and the SAC look deeply at issue areas driven by racial and economic disparities in the region and identify community needs not yet being fully addressed.

**SCOUT**
The team searches the country and deeply vets proven programs best suited to tackle those needs locally.

**SELECT**
In partnership with the SAC, an innovative program with significant, measurable results and the best local fit is selected.

**INVEST**
GreenLight helps the selected organization reach and sustain impact locally with multi-year unrestricted funding, on-the-ground support and strategic partnership development.

**MEASURE**
At the outset with each portfolio organization, GreenLight identifies and documents the programmatic and financial indicators to be measured and sets annual goals for those measures. Each year, portfolio organizations report on those measures, a sampling of which you'll find in this report.
Beyond multi-year, unrestricted funding, GreenLight provides ongoing support to maximize impact and sustainability.

**EARLY STAGE**

“GreenLight has helped us establish partnerships much faster and more effectively than we could on our own. They know who to reach out to... that can expedite conversations and lead us to a final decision. We couldn’t have launched and seen such success without them.”

PATIENCE LEWIS-WALKER
Deputy Executive Director, Center for Employment Opportunities

“GreenLight has brokered introductions that have yielded big investments for Springboard over the years. They really understand how to spawn new relationships that equally benefit their grantees and social investors.”

JEFF FEINMAN
VP Partnerships, Springboard Collaborative

“GreenLight has provided valuable connections to potential funder partners and their early support was critical in helping to establish our credibility and brand awareness in the Greater Boston community.”

ROBIN NADEAU
Managing Director, Per Scholas Boston

**NETWORKING**

“GreenLight’s understanding of Boston’s education ecosystem and relationships with key city stakeholders helped us navigate two superintendent transitions within our first three years of implementation.”

SHAWN BROWN
Executive Director, BAM Boston

**THOUGHT PARTNERSHIP**

“I cannot count the number of times Kate has provided direction that has helped lead us to a successful outcome.”

SAHAAR REZAIE
Executive Director, Genesys Works Bay Area

“GreenLight exemplifies real partnership through philanthropy. From connecting us to media opportunities to facilitating peer learning, we’ve felt supported and championed to succeed.”

MARKITA MORRIS-LOUIS
Chief Strategy Officer, Compass Working Capital

“GreenLight has helped us establish partnerships much faster and more effectively than we could on our own. They know who to reach out to... that can expedite conversations and lead us to a final decision. We couldn’t have launched and seen such success without them.”

DIVERSITY OF PORTFOLIO ORGANIZATIONS: DEPTH AND BREADTH

Innovative organizations are selected for their proven results, local fit and ability to effectively address a community-identified unmet need.

That need may warrant going deep with a small, targeted population or going broad with a larger subset of the community. In either case, we measure results against the goals we set for that program, addressing the community-identified need in ways that address deep-rooted disparities and open opportunities for individuals and families to thrive.

BECOMING A MAN

LAUNCH 2017

Becoming A Man (BAM) is a school-based program that supports young men, particularly those of color in grades 7-12, through group sessions with their peers and the guidance of a trauma-informed BAM counselor. Counselors help young men develop social cognitive skills that deter criminal involvement and increase school engagement.

NEED IDENTIFIED

Boys and young men of color face disproportionate challenges in reaching their full potential as compared to their white peers.

COVID RESPONSE

BAM had a 78% attendance rate in spring 2020 at a time when BPS struggled to reach 50% virtual school attendance. Responding to scholars, BAM dramatically increased their breadth of services, including increased one-on-one engagement with counselors and tailored relief services to scholars and their families.

PURSUING PASSION AND ACHIEVING GOALS: PER SCHOLAS

From a young age, Jerson was interested in computers. In middle school, he would jump in to troubleshoot issues, students and teachers alike sought his help. In high school, he took technology classes to continue developing his skills and then enrolled in UMass Boston to pursue a degree in Computer Science. With the high cost of college, even with a merit-based scholarship, he had to work two jobs and keep up his grades. In time, the financial pressure affected his academic performance and he was forced to withdraw. He still wanted to pursue his passion and ultimately start a career in the tech field. Hearing about Per Scholas, he was skeptical about the legitimacy of a free program, but wanted to learn more because, according to Jerson, "It sounded like an amazing opportunity if it was legit."

By the end of the 15-week training, Jerson earned his A+ and Network+ certifications with CompTIA. He recently began his career as an IT professional at a major government defense company.

BROADENING REACH IN COVID: CAREMESSAGE

CareMessage, the largest patient-engagement organization in the U.S. focused solely on populations with fewer resources, was well positioned to play a vital role during the pandemic. At the start of COVID-19, they reached 4.2 million patients including nearly 300,000 in Massachusetts with COVID-19 related messaging. CMLight, a COVID-19 specific version of their platform, was launched and offered at no cost for a limited time through targeted philanthropic support.

Nationally, CMLight is now reaching 2.8 million patients. This new platform has dramatically expanded CareMessage’s reach with patients and health centers during the pandemic when it has been needed most, including three new centers in Massachusetts.
YVLifeSet, a program of Youth Villages, provides support to young people who are aging out of foster care by helping them find safe housing, continue education or training, achieve stable employment and build healthy support systems.

**NEED IDENTIFIED**

Jaye lost her mom at a very young age and alternates living with a grandparent and an older sibling. When COVID-19 struck, her life was impacted like others but without emotional supports and a sense of safety. Then she was diagnosed with a life-altering disease, needing major surgery during the height of the pandemic.

Friends-Boston worked to provide the stability she needed to get through her immediate crises. Her Friend (mentor) was there for her, on the phone and virtually, to talk her through the procedure, create concrete steps that gave her a sense of control and later support her to make needed nutrition and exercise changes. Her Friend also worked with her to develop a plan to work remotely on her education, with the goal of graduating next year.

Now recovered, Jaye has a job at Friends-Boston’s Mighty Readers Program, gaining workforce training and experience in an area of interest while helping younger children in reading and comprehension skills.
GREENLIGHT IS INVESTED IN CHANGE

GreenLight is committed for the long term to partnering with communities to sustainably address systemic barriers and inequities often driven by racial injustice so that all individuals and families have the opportunity to thrive.
