Surpassing **1.3 Million Children and Families Reached** in our 20th Year, **nearly 100% growth** from last year!

John Simon
JOHN SIMON
Board Chair and
Co-founder

Ali Knight
ALI KNIGHT
Chief Executive Officer

We are proud to be celebrating our 20th anniversary and the 20th year we have reported on the results of our portfolio organization investments. This past year, we've reached more than 1.3 million individuals and families with measurable impact. Our work has helped unlock nearly \$400M of state, federal and other follow-on revenue to date, enabling GreenLight Fund's 63 investments to achieve greater scale and stronger impact. With GreenLight Dallas being launched as our 15th site in November, 2025, GreenLight has truly become a national innovation infrastructure for inclusive prosperity.

GreenLight's rapid, exponential growth is accelerating how innovative, evidence-based nonprofit programs get to where they are needed, breaking down barriers and opening opportunities for individuals and families across the country.

Our portfolio organizations, which are all profiled in this report, address a wide range of issues as we respond to a broad set of community-identified unmet needs. Some solutions go deep, focused on each individual overcoming obstacles and reaching their goals, supporting areas like workforce development, education or foster youth. Others have great reach addressing critical building blocks towards prosperity like food security and health and wellness. We recognize that both are needed by each community and one size does not fit all.

The common thread across our sites is shared learning – from novel approaches to community engagement, identification of innovative solutions, strategies for helping new organizations reach impact faster, and more – which strengthens GreenLight's national network, leading to greater impact in each of our cities.

We look forward to the next 20 years – driving deeper impact, broadening our footprint with expansion to new sites, helping proven organizations scale faster, further learning that makes each site and the sector stronger, and growing national impact.

Thank you for your partnership in community-driven change.

SCALING CHANGE: Two Decades of Expansion and Reach

GREENLIGHT FUND IMPACT REPORT

Reporting Period July 2024 – June 2025

Connecting Communities to Proven Programs

Programs addressing social challenges in innovative and effective ways exist, but they may not be found close to home.

As a “pull network,” always driven and pulled by local need and local-led-decision-making, GreenLight searches the country for proven programs to address local unmet needs and invests in their expansion in partnership with our communities.

The GreenLight Method is our community-focused approach to identify the needs that matter most to residents facing barriers to economic opportunity. We match those with social innovations that have track records of success elsewhere. In each of our sites, we engage deeply with the local community, partner with a diverse Selection Advisory Council (SAC) and listen directly to residents with experiences and community knowledge proximate to the priority needs we look to address.

DISCOVER

Through conversations across multiple sectors, local data reports and listening to many voices, the local site team and the SAC examine focus areas driven by racial and economic disparities in the region and identify community needs not yet being fully addressed where an innovative program could make a significant difference.

SCOUT

The team searches the country and deeply vets proven, effective programs best suited to tackle those needs locally.

SELECT

In partnership with the SAC, an innovative program with significant, measurable results and the best local fit is selected.

INVEST

GreenLight helps the selected organization reach and sustain impact locally with multi-year unrestricted funding, on-the-ground support and strategic partnership development.

MEASURE

At the outset with each portfolio organization, GreenLight identifies and sets annual targets for the programmatic and financial indicators to be measured. Each year, portfolio organizations report on those measures, a sampling of which you will find in this report.

Nationally

by the numbers

To date, we have made 63 investments totaling \$42M, bringing evidence-based organizations to our 14 communities through our collaborative, annual process.

Each is delivering significant impact with the help of our on-the-ground strategic support, nearly **\$370M** of additional funding leveraged to date, a growing number of Selection Advisory Council and local board members who devote time, energy and expertise, and passionate local staff who are committed to supporting participants to reach their goals.

Spotlight:

spanning focus areas

GreenLight Fund does not start with an agenda. We **listen first** to understand and prioritize unmet needs and ensure local fit, resulting in a portfolio that covers a range of focus areas. What these investments have in common is they:

- fill a measurable and important gap identified by the local community
- are selected to sustainably address economic mobility, racial and other inequities.

PORTFOLIO ORGANIZATION DISTRIBUTION:

Focus Area Impact Examples

EDUCATION

Solutions range from addressing challenges in early literacy to high school. **ParentChild+**, in four GreenLight sites — Philadelphia, Charlotte, Baltimore and the Bay Area — works with families, caregivers, and communities to support early literacy and school readiness.

More than **88% of caregivers** improved their parenting knowledge and skills. At least **90% of children** demonstrated school readiness.

ECONOMIC EMPOWERMENT

Breaking down barriers to achieve financial independence, **The Fountain Fund**, in Boston and Philadelphia, provides low-interest loans and financial coaching exclusively to returning citizens helping them build credit and achieve their self-determined goals.

In Philadelphia last year, **91% of participants** reported they are better able to support and connect with their families.

In Boston **94% of participants** reported significant life improvements, with **86%** better able to support and connect with their families.

HEALTH AND WELLBEING

Health and wellbeing is a prerequisite to reaching goals including finding work, taking care of your family and building stability.

mRelief is a tech-based, dignified and comprehensive SNAP enrollment process for individuals and families to supplement food expenses.

In Kansas City last year, **\$3,828,474 in SNAP benefits** were unlocked for thousands of residents.

Leverage **on investment**

GreenLight Fund's growth over the past 20 years has been exponential and this trajectory is expected to continue, as essentially every year in each site we invest in bringing a proven organization that the community tells us is needed. So far, GreenLight's investments of \$42M alongside our on-the-ground strategic support have leveraged nearly \$400M in follow-on funding from public, private and fee-for-service sources ensuring their continued impact and sustainability.

Our investments

GreenLight Fund's investments match community-identified unmet needs, often stemming from long standing racial and other inequities, with innovative programs that have a track record of success. Our growing portfolio of organizations address a wide range of focus areas and are making measurable progress each year, all across the GreenLight network.

> the value of integrity: Becoming a Man

Integrity is a BAM core value taught throughout the curriculum, prioritizing honesty and reliability. Jaylen, a sophomore participant, realized he had not been living with integrity, copying assignments because he doubted himself. During a BAM check-in, he shared his struggle and received support from peers and his counselor, who encouraged him to take responsibility and complete his own work.

With their encouragement, Jaylen completed his next assignment honestly, despite the challenges. When he received a passing grade, he felt a deeper sense of accomplishment than any shortcut he had taken before, reinforcing his commitment to integrity.

FOOD CONNECT

LAUNCH 2023

Food Connect complements the existing food insecurity ecosystem by bridging the gap between food scarcity and abundance with new technologies through training volunteers, managing logistics and executing meal delivery to get food to families in need of dependable and nutritious meals.

NEED IDENTIFIED

Food rescue, food pantries and food as medicine programs need logistical support to effectively distribute food and meals to families who are food insecure.

KEY RESULT

124,717 meals distributed with a **99% delivery success rate**.

INDIVIDUALS REACHED IN 2024-25

51,194

MRELIEF

LAUNCH 2023

mRelief offers a dignified and comprehensive SNAP enrollment process for individuals and families to supplement food expenses. mRelief's enrollment process includes a simplified SNAP eligibility screener, a mobile-accessible SNAP application, and an option to apply for benefits with assistance from a local community partner.

NEED IDENTIFIED

In Kansas City, \$8.4M in SNAP benefits go unclaimed each year. A primary concern for eligible residents is the long and tiresome application process.

KEY RESULT

\$3,828,474 in SNAP **benefits unlocked**.

INDIVIDUALS REACHED IN 2024-25

7,653

ALL OUR KIN

LAUNCH 2022

All Our Kin trains, supports and sustains family child care educators to ensure that children and families have the foundation they need to succeed in school and in life.

NEED IDENTIFIED

Access to child care is critical for families, especially women, to work, but Kansas City has lost nearly 5,000 childcare spots in the last two years.

KEY RESULT

With the support of this program, **32 additional family child care providers** are available to local families, opening **320 new child care seats**.

INDIVIDUALS REACHED IN 2024-25

1,452

YOUTH GUIDANCE: BECOMING A MAN

LAUNCH 2020

Becoming a Man (BAM) is a school-based program that supports young men, particularly those of color in grades 7-12, through group sessions with their peers and the guidance of a trauma-informed BAM counselor. Counselors help young men develop social cognitive skills that deter criminal involvement and increase school engagement.

NEED IDENTIFIED

Boys and young men of color face disproportionate challenges in reaching their full potential as compared to their white peers.

KEY RESULT

98% of BAM participants were promoted to the **next grade level** with **100%** of BAM **seniors graduating**.

INDIVIDUALS REACHED IN 2024-25

272

YOUTH GUIDANCE: WORKING ON WOMANHOOD

LAUNCH 2020

Working on Womanhood (WOW) is an in-school, group-based counseling and clinical mentoring program that cultivates leadership, promotes mental health, and fosters the social-emotional skills of girls and young women in grades 6 -12.

NEED IDENTIFIED

Girls and young women of color are at greater risk of being exposed to trauma, more likely to experience mental health issues like post-traumatic stress disorder (PTSD) and depression and less likely to receive treatment to address trauma.

KEY RESULT

64% of clients who started in the clinical range for depression, and who had a matched pre- and post-assessment, **had lower depression symptoms** after participating in WOW.

INDIVIDUALS REACHED IN 2024-25

> strengthening connections: All Our Kin

“Being part of the Business Series cohort strengthened my passion for what I do as a Family Child Care (FCC) educator. I have found resources and made great connections. Being part of this series prepared and helped me to communicate well with parents on many issues. I was able to think about the best ways to share difficult information with parents, especially concerning their child.

Connection with children and parents, the passion of providing a safe, structured environment that is hands-on and provides the focus to help both parents and children. I believe everyone should take the FCC Network business series.”

— **Family Child Care Educator**
